 33416-4680

The District Governing Board authorized publication in the [Florida Administrative Weekly \(FAW\)](#) of a Notice of Rule Development to:

- establish supplemental water quality criteria for Environmental Resource Permits in the Southwest Florida Basin; and
- provide a menu approach for selecting source controls and Best Management Practices to enhance water quality.

The notice was published in FAW Volume 31, Number 26, dated July 1, 2005, pages 2329-2336.
